

Dear Dr. Voss...

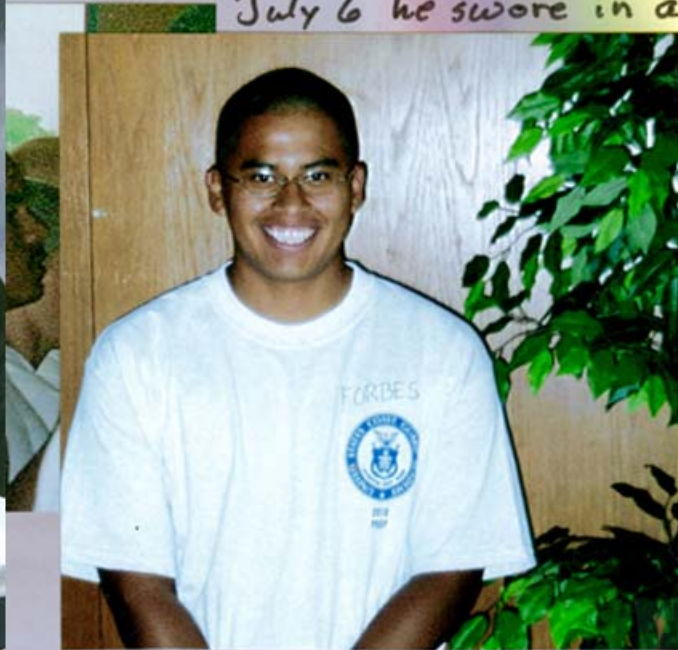

A year ago my son's dreams seemed to have landed with a loud thump.

What a difference a year makes!

This spring He played for the Force and was recognized for "Hardest Working, US!" He scored his team's first goal at the Rocky Mountain Cup... they went on to win the tourney.

And, DodMARB and the Coast Guard Academy waived him! On July 6 he swore in and last

week he reported to NMCI for his prep year.

Thank-you so much for your skill, kindness & optimism. He is up and running again!
